FIRE DESTROYS TOWN OF MERCURY

Graf Zeppelin Flying Over Spain Near End of Long Voyage

HOME TOWN STUFF

Flags were flying in Vernon yesterday in observance of Labor Day. Most of the flags displayed were United States flags, but one business house placed a Texas flag on display. This was all right, except that it was flown upside down. The white stripe is at the top of the Texas flag. This particular flag was flown with the red stripe on top.

Another occasion that was even more widely celebrated was the opening of the dove season. September 1 was the first day of the dove season in this part of Texas, and this year it fell on Sunday, which made it inconvenient for many hunters. This is somewhat like the story recently heard by the writer of this column. Two men were out 'possum hunting one night. They were going through the woods, enjoying the fine fall weather and the prospect of a successful hunt, when one of them stopped suddenly and asked: "Do you hear that noise?" His companion stopped and listened a moment and replied: "Do you mean that singing?" Drifting through the woods was the music of religious songs from a little church not far away, and the first replied the singing was the noise he referred to. They were both church members and were slightly disturbed. Then they began to think and remembered that it was Wednesday night and the music they heard was from the prayer meeting service. The one who had first heard the music said: "Well, it's all right, I couldn't have gone to prayer meeting anyway. One of my children is sick." And they went on to enjoy the hunt.

A few of our local huntsmen went up to Wheeler County to shoot prairie chickens. It seems that these birds or fowls, whichever they are, have been killed out of all but a small section of the eastern Panhandle of Texas.

Only a select few business houses enjoyed a holiday yesterday, while most of us were busy at our usual jobs.

The stores are publishing attractive advertisements for the new Fall hats for men, but of course they don't expect to sell very many of them for another month or so. The new Fall styles for women's hats were announced about two months ago and they began selling as soon as announced. One reason the men don't buy their new hats early is because the women use up all the hat money in the early season buying. For the information of those who think it is funny to tear up a poor man's straw hat, this column will state that the open season on old straw hats doesn't come until about the middle of September.

The official opening of the present straw hat season in Vernon was proclaimed by Mayor Hockersmith. Along with his proclamation he got his picture printed in the papers wearing a new straw hat at a jaunty angle. We wonder if the felt hat season will be opened in a similar manner. Being Mayor has its compensations.

Judge R. W. Hall of Amarillo, while visiting in the city yesterday, was very much himself. He spent most of the day sitting in the lobby of the Bailey Hotel arguing and regaling his friends with stories, for which he is justly famed. He said while on a recent vacation trip through New Mexico he found the world's champion of prevarication. The champion was a garage man who told him about road conditions. The Judge added that for once he had to change his mind. He says he had always been committed to C. S. McCulloch for this honor, but was forced to award first place to the New Mexico garage man after trying to get over the roads which were de-

BIG AIR LINER PROMISES TO BREAK RECORD

Home-Bound Dirigible Flying at Great Height as She Nears Home Hangar on Last of Globe-Circling Journey — Soaring Over New Route.

Corunna, Spain, Sept. 3.—(A-P)—The home-bound Graf Zeppelin, flying steadily toward Friedrichshafen at a great height, passed over this city at 5:15 p. m. (11:15 a. m. E. S. T.). The big dirigible arrived at 5:10 p. m., and after crossing Mount San Pedro flew over the town in a northeasterly direction. She disappeared in the direction of the Asturias Mountains.

(By the Associated Press) Pursuing a silent course home since she wireless her position at 3 a. m. E. S. T., at 315 miles due west of Lisbon, the Graf Zeppelin was this morning on a new route to Friedrichshafen, where she should be safely berthed this afternoon (E. S. T.).

The big dirigible hoping to break her record of the world record from Lakehurst to Lakehurst by still better time from Friedrichshafen to Friedrichshafen, was then roughly 1,300 miles from her home hangar. At a speed of 70 miles an hour, she would need a little more than 18 hours to cover this distance. This would bring her to Friedrichshafen about 9 p. m. E. S. T.

MAYOR'S LIFE IS THREATENED

ARMED PAIR TWICE DRIVE UP TO HOME OF HOUSTON CITY EXECUTIVE

Houston, Sept. 3.—(A-P)—Two men armed with shotguns twice entered the driveway of Mayor Walter E. Monteth's home here today and threatened the mayor's life. The mayor believed the pair was intoxicated and declined to take the affair seriously.

After the men had driven up the second time, Mayor Monteth armed himself with a pistol and warned them to leave. Words were exchanged, and the men drove away.

TEXAS BEE KEEPERS MAY ORGANIZE IN NOVEMBER

San Antonio, Sept. 3.—(A-P)—More than 75 bee keepers of Texas, in session here to discuss marketing of honey will not form a permanent organization until they meet again in November with marketing specialists of Texas A. & M. College.

Dr. W. E. Paulson, market research specialist of the college, addressed the bee keepers this morning. H. E. Coffey of Whittett, was elected temporary president, and W. R. Jordan of Goliad, was elected temporary secretary.

FIRE WRECKS MARYLAND'S ONLY SEASIDE RESORT

Ocean City, Md., Sept. 3.—(A-P)—Fire of unknown origin destroyed 15 concessions along the board walk of Maryland's only ocean resort early this morning, causing damage estimated at \$250,000. Aiding by fire fighting apparatus from seven nearby towns the fire was brought under control at 2 o'clock after it had been burning for more than an hour.

ENDURANCE FLYERS PASS 256TH HOUR AT CHICAGO

Chicago, Sept. 3.—(A-P)—With second honors already in their possession, Russell Mossman and C. E. Steele, pilots of the refueling endurance flight plane "Chicago-We Will," passed the 256th hour in the air at 3:31 a. m. today. They hope to beat the 421 hour record of the "St. Louis Robin."

scribed as "fine." Judge Hall said that after pushing his car out of ditches and mud holes and trying to sleep in cabins with leaky roofs, he returned home from his "vacation" as completely fagged out as a West Texas farmer who had just finished making a crop in a dry year.

MARLAND AND TEXAS OIL STOCKS ARE RENEWED

Washington, Sept. 3.—(A-P)—Solicitor Finney of the Interior Department announced today that where individuals holding permits to prospect for oil in New Mexico can show the area covered by their permit had been geologically by the Texas Company or the Marland Oil Company the permits would be renewed.

Solicitor Finney said renewals would be made under the condition no drilling would be done for two years.

C. C. OFFICIALS COMPLETE TOUR

BOURLAND AND SHIPP ARE HOME AFTER VISIT TO SEVERAL CITIES

A. M. Bourland, president-manager of the West Texas Chamber of Commerce, and Grady Shipp, secretary of the Vernon Chamber of Commerce, returned late yesterday after a week's tour of West Texas cities in connection with plans for the annual West Texas Chamber of Commerce convention. At El Paso, where the convention is to be held October 24, 25, and 26, the "good will" tourists conferred with civic heads and drew up preliminary plans for the meeting.

Mr. Bourland and Mr. Shipp will go to Stamford tomorrow where the president-manager will confer with his advisory committee relative to the tentative program arranged at El Paso. Mr. Shipp will present the plans to the committee and necessary changes will be made. Members of the advisory committee are R. H. Nichols of Vernon, R. W. Haynie of Abilene, Clifford B. Jones of Spurr, and Joe A. Wheat of Seymour. Leaving Stamford last Wednesday, Mr. Bourland and Mr. Shipp visited Chamber of Commerce officials at Abilene, Sweetwater, Colorado, Odessa, Pecos, Van Horn, and El Paso. Plans to discuss matters pertaining to the organization with heads at San Angelo and Brownwood on the return trip were frustrated on account of the Labor Day observations yesterday.

Young Man Saved When Caught in Quicksand Trap

Camden, Tenn., Sept. 3.—(A-P)—E. A. Fry, 23-year-old Camden pharmacist, was alive today thanks to the valiant efforts of several hundred men who fought a nine-hour battle against a quicksand bed by the dim light of flares deep in a cavern in the Tennessee hills.

Fry was one of a fishing party of six which decided to explore Baugus Cave, 30 miles from here, yesterday. Nearly a quarter of a mile back in the hill from the entrance to the cave Fry stepped into the quicksand trap. He sank to his hips. His five companions strove unavailingly to extricate him, while he sank deeper.

When the apparently doomed youth sank to his shoulders some of his would-be rescuers went for help while the others stayed and carried on the battle.

The alarm brought a crowd of 5,000 to the cave mouth, from which volunteers took the place of workers exhausted by their efforts inside the cave. Finally Fry was pulled free with the aid of ropes and boards.

BODY OF MISSING OCEAN FLYER BELIEVED BURIED

Lisbon, Portugal, Sept. 3.—(A-P)—Belief was held here today that the body of one of the two youthful Swiss flyers, missing since August 19 in an attempt to cross the Atlantic to New York, had been located and buried near here.

On Friday of last week the body of a fair-haired youth clad in a yellow rubber suit and wearing aviation goggles was washed up on Eriolra Beach. The description of the body fitted either of the two Swiss, Oscar Kaeser or Kurt Luescher.

TYPHOON HITS STEAMER, NINE PERSONS SAVED

Storm Sweeps Over Philippine Islands Disrupting Communication Lines and Wrecking Houses — Impossible to Check Up on Damage.

Manila, P. I., Sept. 3.—(A-P)—The steamer Mayon, owned by the Manila railroad, was reported to have foundered in a typhoon yesterday afternoon off the Pasacao Ragay gulf. Of the thirty-seven passengers aboard the steamer, only nine were reported to have been saved. No mention of members of the crew was contained in brief dispatches.

The provinces of Tayabas, Bulacan and Pangasinan, all on the island of Luzon, apparently bore the brunt of the typhoon, but no reports from these areas were available because communication lines were down.

The typhoon missed the main part of Manila, passing just north of the city. That vicinity experienced strong wind and rain throughout the day, reaching a maximum velocity of 60 miles an hour this afternoon. A few frail nipa (palm thatched) houses were blown down, and fallen trees interrupted tramway service in some places. The downpour covered some of the lower sections of the city with water.

After striking the Ragay gulf off Pasacao in the southwest part of Luzon, the typhoon moved in a northeasterly direction.

FLYER MISSING IN AIR RACES

VETERAN PILOT HAS NOT BEEN HEARD FROM FOR TWENTY-FOUR HOURS

Cleveland, Ohio, Sept. 2.—(A-P)—John T. Wood, veteran pilot and president of the Northwest Airways Company, and Russell Ward, his mechanic, were missing more than 24 hours today after leaving Los Angeles in a second attempt to complete the non-stop derby to Cleveland for \$7,500 in prizes offered at the National air races.

Wood took off at 4 a. m. (E. S. T.) yesterday. Inquiry at major airports on the route failed to discover any trace of him. He was flying a cabin model Lockheed Vega monoplane capable of a speed of 190 miles an hour. The plane's identification number was 7994.

Cleveland airport officials expressed concern for the safety of the pair and used radio broadcasting stations in pressing a search for them.

Henry Brown, air mail pilot, won first prize of \$5,000 landing Sunday in 13 hours and 18 minutes.

TURKISH PRINCESS TO PAY DAMAGES TO AMERICAN

Constantinople, Sept. 3.—(A-P)—Turkish courts today condemned the Princess Chekivkar to pay \$5,000 damages to Madame Salda, the former Sidl Worth Spreckles, Kansas farm girl and divorced wife of John D. Spreckles, Jr., San Francisco millionaire, in the final outcome of the famous Turkish scandal libel suit.

In her action Madame Salda, who was once Princess Suad Chakir charged the Princess Chekivkar had misused her name in a divorce suit against her husband, Selim Bey. The Egyptian princess, Chekivkar, had charged unfaithfulness and cited Princess Suad Chakir as corespondent.

A moonlight ride on the Bosphorus in 1924 was the origin of suits and countersuits embroiling Madame Salda and the Egyptian princess.

SAN ANTONIO HAS BIGGEST BANK AFTER MERGER

Austin, Sept. 3.—(A-P)—San Antonio had Texas largest state bank today, according to James Shaw, State Banking Commissioner, who announced the merger of the Central Trust Company, Guaranty State Bank and the City National Bank, into the City-Central Bank & Trust Company. W. R. King, formerly president of the City National Bank, is president of the new bank. The combined capital is \$1,500,000, surplus \$500,000 and \$25,000,000 resources. Deposits are over \$20,000,000.

SENATE TARIFF ALTERATIONS REPORT IS ISSUED

Washington, Sept. 3.—(A-P)—Detailed explanations of changes made in the House tariff bill by Republican members of the Senate finance committee were set forth in a tentative report issued today by the committee majority.

Filling eighty printed pages, the document advocated the proposed substitution of domestic for foreign values in the computation of ad valorem duties, asserted that the measure would raise the level of protection on agricultural commodities by eleven per cent and, going through the bill by individual schedules, gave the committee majority's reasons for the rates it has agreed upon.

Elimination of all international difficulties in the administration of the tariff law was predicted as a result of adopting the proposed method of levying ad valorem duties. All necessary investigations, the report said, would be made within the United States, thus avoiding inquiries in other countries with their difficulties and occasional international disagreements.

Going on to agricultural commodities, the report said changes in this schedule, as compared with the House bill, were the result of additional evidence adduced at sub-committee hearings, and consist principally of "adjustments." Substantially, the report added, the committee had agreed to "the considerable increases in rates on agricultural products provided by the House bill," entailing an estimated increase of \$28,000,000 in revenue from this schedule and raising the percentage of protection from 23 under the present law to 34 under the proposed legislation.

Explaining its rejection of the plea of farm organizations for a duty of 45 per cent on all vegetable oils, the committee majority said it considered coconut oil, constituting 47 per cent of imports under this heading, the most important and with 39 per cent of imported coconut oil coming in duty free from the Philippines, it did not seem deemed advisable to "disturb existing free trade relations" (Continued on page two.)

BRITAIN NOT TO VIE WITH U. S.

GOVERNMENT DECLINES TO BUILD AGAINST AMERICA, PREMIER DECLARES

Geneva, Sept. 3.—(A-P)—The British Government "declines absolutely to building against the United States," declared Prime Minister Ramsay MacDonald in his disarmament speech before the League of Nations assembly today. "That is not only the word of a Labor Government; I think I can say it is that of a conservative Government."

MacDonald announced the Anglo-American naval agreement probably would contain twenty points. "Only three of these points are outstanding," he said. He expressed belief the agreement would be completed before adjournment of the league assembly.

THEATER MAGNATE'S WIFE ON TRIAL IN MAN'S DEATH

Los Angeles, Sept. 3.—(A-P)—Mrs. Lois Pantages, 42-year-old wife of Alexander Pantages, theater magnate, was summoned to trial today on a murder charge growing out of the death of Joe Bokumoto on June 16.

Bokumoto died several days after a collision of a car driven by Mrs. Pantages and his own automobile.

Witnesses at the preliminary hearing testified the theater magnate's wife was intoxicated.

Mrs. Pantages' husband is under indictment, accused of attacking 17-year-old Eunice Pringle, a dancer.

FOREST FIRE SITUATION IN WISCONSIN IS SERIOUS

Rhineland, Wis., Sept. 3.—(A-P)—Lack of men and lack of rain combined today to create a serious forest fire situation in two widely separated sections of north Wisconsin.

Woods baked by weeks of dry weather provided quick fuel for flames whipped by high winds. More than a dozen fires swept through cut-over timber land south and north of here and in the vicinity of Bayfield, on the Lake Superior shore.

Fire warden called for more help.

SCORE INJURED AS PASSENGER RAMS FREIGHT

Two Enginemen Seriously Hurt as Locomotive Crashes into Caboose of Train in Missouri Injuries to Passengers Only Slight.

Dexter, Mo., Sept. 3.—(A-P)—A score of persons were injured, two seriously, when Cotton Belt passenger train No. 2, southbound from St. Louis, ploughed into the rear end of a freight train about four miles north of Dexter at 4 a. m. today.

James Cox of Jonesboro, Ark., engineer on the passenger train, and his fireman, whose name was not learned, were seriously injured, and were taken to a hospital in Poplar Bluff. The others injured, passengers on the train, were treated for minor injuries at the offices of local physicians.

The freight train, railroad men said, had been stopped by a block signal and had not had time to send a flagman to the rear end when the passenger train, traveling about 50 miles an hour, rounded a curve and crashed into the caboose.

The caboose was telescoped and several freight cars were overturned. None of the passenger cars was overturned.

HULL TO SEEK SENATE POST

ANNOUNCES AFTER BROCK IS NOMINATED TO FILL TYSON VACANCY

Nashville, Tenn., Sept. 3.—(A-P)—Tennessee today had a new United States Senator and also a candidate in the field for his successor for the six-year term beginning in March, 1931.

Hardly was the ink dry on Governor Henry H. Horton's commission to William E. Brock, Chattanooga candy manufacturer, as the Democratic successor to the late Senator Lawrence D. Tyson, before Representative Cordell Hull, chairman of the Democratic national committee from 1921 to 1924 and Tennessee's favorite son at the Houston convention last year, announced he would seek the nomination for the next full term.

Mr. Brock will serve until the election of 1930 under the Governor's appointment. He expects to go to Washington within the next few days to be sworn in.

"I favor the strict maintenance and enforcement of all our laws," he said. He added that he was a "Woodrow Wilson Democrat."

Texas Called on to Support Oil Fraud Charges

Washington, Sept. 3.—(A-P)—Fred W. Strang, Fort Worth oil promoter, was called upon by the Senate patronage investigating committee to submit a list of witnesses and specific charges after his assertion today that oil companies were seeking control of the state and federal government machinery in Texas.

Strang, under indictment for using the mails illegally, declared the numerous citations against Texas oil men were "generally considered a smoke-screen."

Chairman Brookhart, sole member of the committee to hear Strang, informed the Texas he would consider a future course after submission of a list of witnesses.

Strang, under indictment for using the mails illegally, declared the numerous citations against Texas oil men were "generally considered a smoke-screen."

PROHIBITION OFFICER HELD IN FATAL SHOOTING

Mobile, Ala., Sept. 3.—(A-P)—L. D. Henderson, alleged "spotter" for Baldwin County prohibition enforcement officers, was held in Bay Minette, Ala., jail today pending investigation of a free-for-all fight yesterday near Fairhope, across the bay from Mobile, during which Jake Keller, 45, of Robertsdale, was fatally wounded, and Charley Lowell, farmer, sustained a minor wound in the foot.

SEEK PLAN TO JOIN KELLOGG TREATY AND LEAGUE

Geneva, Sept. 3.—(A-P)—The great statesmen of the League of Nations here for the tenth assembly session are considering a way to supplement the League covenant by the Kellogg pact for the renunciation of war.

It was reported in League circles the British delegation proposed to recommend study of the League covenant with the idea of bringing it into harmony with the Kellogg Pact. There is at present a gap in the covenant which makes war possible and which the defunct Geneva protocol sought to fill.

Paragraph 7 of Article 15 gives members of the League the right to take such action as they may deem necessary when the council of the League fails to reach unanimity as to which disputing nation should be held responsible for any aggression or attempted aggression.

The problem is to find out whether the covenant can be so amended by weaving in the underlying idea of the Kellogg pact, which outlaws aggressive wars, without attempting in any way to modify the Kellogg pact itself.

League leaders are worried over this "war gap" in the covenant.

OIL PRODUCTION DROP RECORDED

REDUCTION TRAILS THREE WEEKS OF NOMINAL GAIN IN OUTPUT

Tulsa, Okla., Sept. 3.—(A-P)—With Oklahoma City's pool adding 11,035 barrels to an already large production record but failing to replace losses in other fields the estimated total daily average production of light and heavy crude oil of the United States during the week ending August 31 stood at 2,970,164 barrels, 5,271 barrels below the mark set during the week ending August 24, according to the Oil and Gas Journal here.

Of the total decrease 4,345 barrels was in light oil, the remainder in heavy. The drop followed nominal increases reported through three weeks preceding. The total estimated production during the week ending August 24 was 2,975,435 barrels.

Thomas A. Edison Recovering From Pneumonia Attack

West Orange, N. J., Sept. 3.—(A-P)—Thomas A. Edison, famous inventor, was recovering today from an attack of pneumonia.

A bulletin issued yesterday by his physician, Dr. Hubert S. Howe, was the first intimation the electrical wizard was suffering from anything more serious than a severe cold.

The bulletin said because of his natural vigor and power of resistance, Mr. Edison, despite his 82 years, had been able to overcome the infection and now was out of danger. He should not resume work for two or three weeks, the bulletin said.

Mr. Edison contracted a severe cold August 11. Despite this he continued work in his laboratory for two days. Then pneumonia set in.

SEVERAL PERSONS HURT IN CATHOLIC-POLICE CLASH

Mexico City, Sept. 3.—(A-P)—La Prensa says seven policemen and several Catholic women were wounded in a clash between Catholics and police at Epigmenio Andrade, Tabasco. The clash is reported to have occurred while a group of Catholics were celebrating religious rites in the Toen Cathedral. The Catholics allege the police attacked them, and the police declare they were attacked and fired in self defense.

MUSSOLINI IS FATHER FOR THE FIFTH TIME

Forli, Italy, Sept. 3.—(A-P)—The Duke is a father for the fifth time. A daughter, who will be named Annalidia, was born to Signora Mussolini here today, and both mother and baby were reported to be doing well.

TWO BUILDINGS LEFT STANDING AFTER BLAZE

Flames Thought to Have Been Started by Burglars Wreck Seven Structures in Village — Brady Truck Turns Over in Answering Alarm.

Brady, Texas, Sept. 3.—(A-P)—Fire believed to have been started by burglars early today destroyed seven buildings at Mercury, 25 miles north of here.

The buildings, comprising virtually the entire business district, housed the postoffice, a drug store, a barber shop, three filling stations and the Masonic hall. The blaze was discovered in the drug store. Only two buildings, a bank and the Cawyer mercantile store, were saved.

The Brady chemical fire truck in answering the alarm turned over twice on a sharp turn, injuring a fireman.

FEAR FELT FOR JEWS' SAFETY

TIBERIAS ONLY CENTER OF GREAT ANXIETY IN PALESTINE AREA

Jerusalem, Sept. 3.—(A-P)—Fear was felt here today for the safety of Jews in Tiberias, the only center of great anxiety in Palestine today. Telephone communication with Tiberias was interrupted, and there was no information regarding what had occurred there.

Reports from other points indicated the country generally was quiet. Tension existed in Jerusalem, however, because of reports Moslems were arranging a meeting at the Mosque of Omar to protest against the High Commissioner's policies.

At Jaffa Moslems started a protest demonstration, but they were dispersed by police.

Jewish authorities here have been informed Moslems have resumed construction work on the walling wall, sacred shrine of Jewry and the key to the present dispute between Arabs and Jews. The government is investigating.

Senator Heflin's Son Faces Charge of Drunkenness

Phenix City, Ala., Sept. 3.—(A-P)—J. Thomas Heflin, Jr., son of the senior United States Senator from Alabama, was in jail here today on charges of drunkenness and violating the state prohibition law.

B. M. Haines of Standing Rock, Ala., his companion, also was in jail charged with operating an automobile while intoxicated.

Police Sergeant H. A. White said both Heflin and Haines were endeavoring to furnish bonds. Relatives of Heflin from Columbus were expected here shortly.

The young men were arrested in Heflin's automobile with Haines at the wheel about midnight last night. The charge of violating the state prohibition law was docketed, police said, when they found "three bottles of home brew" in the car.

LAND COMMISSIONER IS REMOVED TO HOSPITAL

New London, Conn., Sept. 3.—(A-P)—Texas state land commissioner J. T. Robinson, who has been gravely ill at the home of a son here, has been removed to a New London hospital after improvement in his condition indicated treatment there would be beneficial. He continues to show a slight improvement daily. He was taken to the hospital yesterday.

COMPLETE REVISION OF RADIO LAWS ADVOCATED

Washington, Sept. 3.—(A-P)—The standing committee on radio law of the American bar association today made public a report of the association recommending an almost complete revision of present radio legislation.

RELMS DENIED NEW HEARING

MOTION OVERRULED TODAY
BY DISTRICT JUDGE
AT EASTLAND

Eastland, Sept. 23.—(P)—A motion for a hearing of a new case filed for Henry Williams, defendant in a criminal case, was overruled today by District Judge George L. Davenport.

WOMAN WILL RECOVER AFTER SHOOTING SELF

Carroll, Texas, Sept. 23.—(P)—The Dallas Highway 21 office of a woman, who shot herself in the chest after being told by a doctor that she was dying, is recovering from her wounds.

When the woman reached the hospital, she was in a critical condition. She had been shot in the chest and was bleeding profusely. The doctors are hopeful that she will recover.

Senate Tariff

Continued from page one

The most important change in the tariff schedule was made in the tariff on sugar. The tariff on sugar was reduced from 10 cents per pound to 8 cents per pound.

NEW ROAD IS ASKED FOR SOUTH WILBARGER COUNTY

A petition for a public road in Wilbarger County, Texas, was filed today in the county court.

ASKS PRAYERS FOR ILL UNITED STATES SENATOR

St. Paul, Minn., Sept. 23.—(P)—United States Senator Charles McNary, of Oregon, asked today for prayers for his ill wife.

INQUIRY INTO DEATH OF NEGRO IS DISCONTINUED

Houston, Texas, Sept. 23.—(P)—An inquiry into the death of a negro man, who was shot by a white man, was discontinued today.

NEGRO SUSPECT IS HELD AS PT. WORKER PROWLER

Fort Worth, Sept. 23.—(P)—A negro man, suspected of being a prowler, was held today by the police.

NEW TRIAL FOR EASTROP WOMAN TO BE THIS MONTH

Carroll, Texas, Sept. 23.—(P)—A new trial for a woman, who was convicted of a crime, will be held this month.

LOCAL BRIEFS

"WHITE MAKES RIGHT"

WHY

THIS SWING TO WHITE SIDEWALL TIRES?

Not Color Alone!

(Although this is the age of color, and the beauty of Stars and Daytons have stamped them as the most distinctive of tires.)

Not "Salesmanship" Alone!

For, while hundreds of thousands of white sidewall tires are used on cars in the Southwest, more motorists wouldn't be buying them and swelling HICKS' volume if the WHITE wasn't "RIGHT!"

—WE BELIEVE IT IS THE GREATER MILEAGE WHITE SIDEWALL TIRES ARE GIVING—ESPECIALLY HICKS-BUILT STARS!

CHIEFTAINS OF COMMERCIAL AVIATION HAVE FIRST CHANCE TO SWAP IDEAS IN TRAFFIC PARLEY AT KANSAS CITY

Empire Builders of the Twentieth Century To Be Brought Together by National Air Traffic Meeting

Kansas City, Mo. (AP)—The national air traffic conference of the Aeronautical Chamber of Commerce here September 16-17-18 will bring together for the first time the "Empire builders of the twentieth century."

Names identified with the building of the two-score principal air transport lines in the United States crowd the three-day program, which is designed to enable the transport operators to exchange data on the solution and handling of traffic and thereby develop air travel.

Col. Paul Henderson of Transcontinental Air Transport, Inc., Maj. Gen. John F. O'Rourke of Colonial Air Transport, Inc., Harris M. Hanshue of Western Air Express, P. G. Johnson of Boeing Air Transport, J. M. Eaton of Pan American Airways, Inc., Col. Halsey Dunwoody of Universal Air Lines, Inc., Lester D. Seymour of National Air Transport, Inc., Col. L.

H. Britton of Northwest Airways, Inc., and Stanley E. Knauss of Stout Air Lines are only a few of the prominent air transport executives who have accepted invitations as speakers at the conference.

Declaring that a conference is necessary now to perfect a vast system of coordinated air transport lines for the air traveler and to save millions of dollars which might be wasted in faulty development, the air traffic conference was called by Frederick B. Rentschler, president of the Aeronautical Chamber of Commerce, and Col. Paul Henderson, president of the American Air Transport association.

It will be the first time that the traffic executives of the air lines, who are responsible for building of public patronage, will be brought to-

gether, and for many it will be their first meeting with fellow air transport executives.

The development of air lines has been so rapid and in so widely separated sections of the country that the personnel of few of the companies have been able to meet or exchange ideas.

William P. MacCracken, jr., assistant secretary of commerce for aeronautics; Charles L. Lawrence, first vice president of the Aeronautical Chamber of Commerce and the Curtis-Wright corporation; T. B. Clement, general traffic manager of Transcontinental Air Transport, Inc.; Mayor Albert I. Beach of Kansas City; Colonel Dunwoody and Mr. Woolley will be the principal speakers at the opening session, Monday afternoon, September 16.

Executives of the transport lines will hold nine concurrent committee meetings on important phases of commercial aviation, and reports will be delivered in the general session scheduled for the third day.

VERNON JAIL OPENED AND DRUNK LODGED IN IT

Vernon's new city jail was unofficially opened yesterday, and the first inmate was locked behind the gray steel bars yesterday afternoon. He was a Vernon man, charged with drunkenness. In City Court this morning he pleaded guilty and was fined \$15.

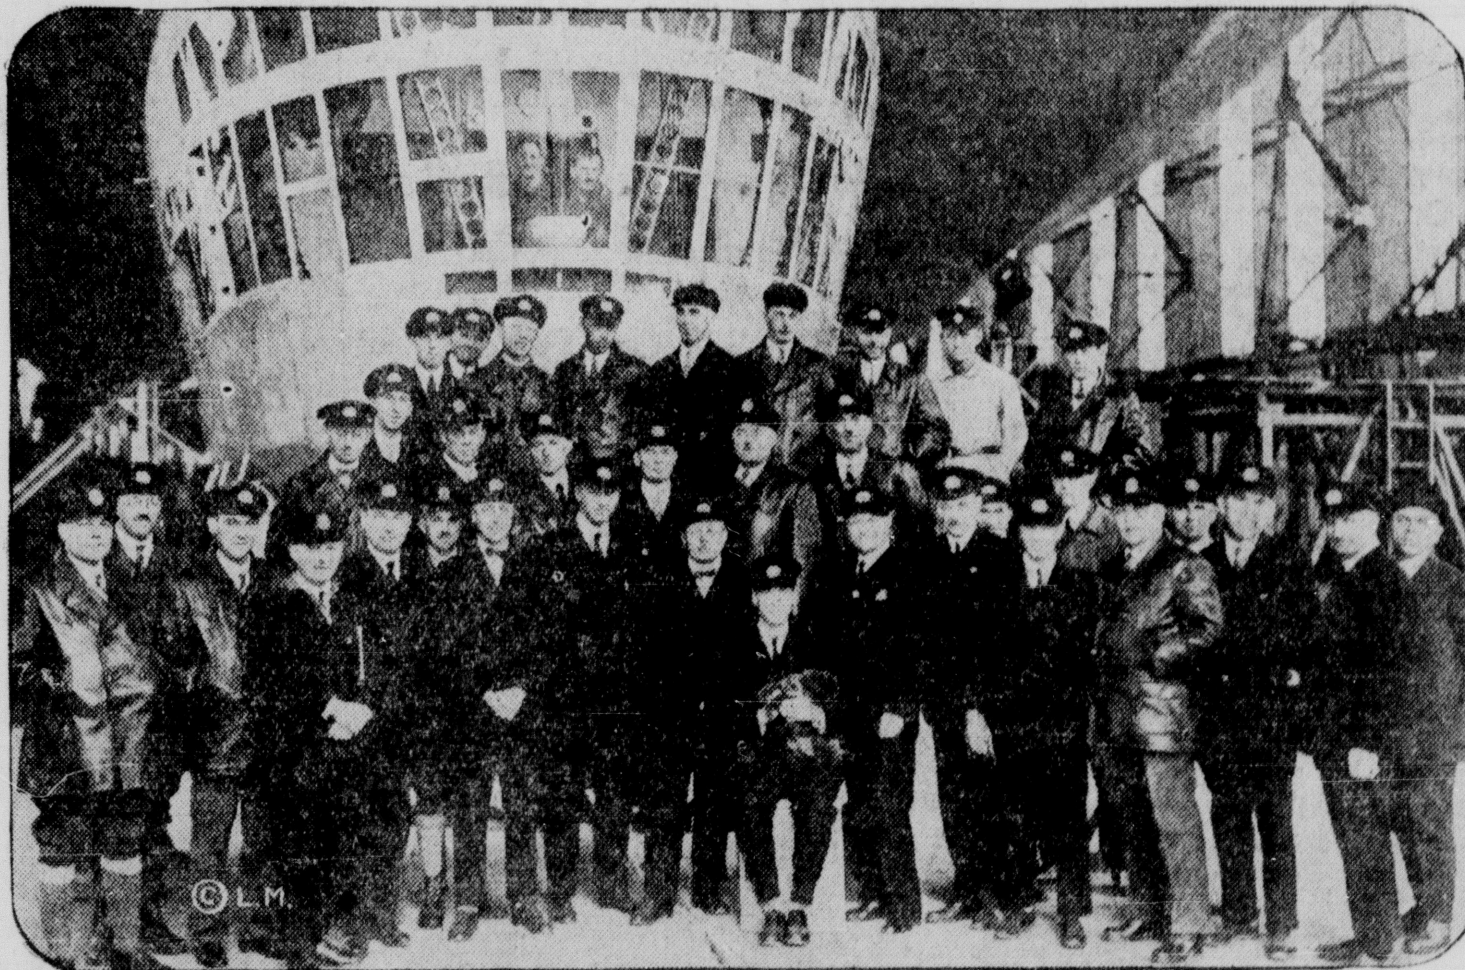

The new jail is located in the ground floor of the municipal building. Two large rooms are occupied, one of which contains two steel cells which will be used for the holding of male inmates. The other contains no cells but the only outlet is through the first room. Heavy steel doors guard the entrances. With the completion of the jail and the installation of several pieces of new steel furniture in some of the offices of city officials, the new municipal building will be entirely furnished.

INTEREST GROWING IN BUSBY-TAYLOR REVIVAL

Interest in the Busby-Taylor revival at the Church of Christ is reported growing with each service and additions to the church are being made daily, according to A. O. Colley, minister. Baptismal services will be held following the regular preaching service tonight.

Elder Horace W. Busby of Fort Worth opened the twelve-day revival Sunday morning. Two services are held daily during the meeting at 10 o'clock in the mornings and at 8 o'clock in the evenings.

ZEPPELIN'S CREW ON ROUND-THE-WORLD FLIGHT

They're sailors over the seven seas. The big crew that's manned the dirigible Graf Zeppelin on its epochal world flight is pictured here for the first time. Left to right, top row, are Mechanic Oscar Roesch, Mechanic Herman Zettler, Mechanic Adolf Wenzler, Mechanic Wilhelm Dimmler, Mechanic Raphael Schaefer, Mechanic Joseph Schreimbuller, Elevator Man Franz Bartschat, Balloon Inspector Ludwig Knorr, and Mechanic Richard Halder. Center row, left to right: Mechanic Wilhelm Fischer, Elevator Man Richard Mueller, Elevator Man Kurt Schoenherr, Assistant Chief Engineer Karl Roesch, Engineer August Gritzing, Mechanic Johannes Auer, Balloon Engineer Albert Samml, Mechanic Josef Braun, Elevator Man Knut Eckner, and Electrician Philip Lenz. Bottom row, left to right: Mechanic Martin Christ, Mechanic Bruno Weber, Radio Officer Walter Duncke, Mechanic Albert Leichte, Radio Officer Leo Freund, Mechanic Albert Thassier, Navigator Max Pruss, Pilot Hans Flemming, Chief Engineer Wilhelm Siegle, Pilot Hans von Schiller (seated with mascot), Herr Baerle, Herr Scherz, Mechanic Eugene Scheuble, Radio Operator Willy Speck, Pilot Hans von Witteman, Herr Marx, and Mechanic Wilhelm Fischer.

HOST TO THE BOYS

Thursday has been set aside by the Optimist Club of Vernon as a day for the entertainment of the boys of Wilbarger County. That the movement is worthy of the support of every citizen of the county, whether they be members of the Optimist Club or some other club, or no club at all, must be readily apparent.

There can be no doubt that the business man of the high-speed age of the present is prone to ignore the adolescent boy. When he grows into the sleek-haired youth of drug store and street corner fame we notice him to the extent of criticizing him, but during his most impressionable years little attention is given him by adults other than those employed to teach and train him.

So it must be quite a shock to the youngster to be informed that he is to be entertained, banqueted and given the opportunity to spend a happy day with dozens of other youngsters, all as the result of an arrangement of his elders.

The Optimist Club is to be congratulated upon its "Friend of the Boy" work. There certainly is opportunity for service in this movement, and it is to be hoped that the club will avail itself of that chance. Many lads of today must view adults as his inherent enemy, at least as a person whose aims are constantly conflicting with that of youth. It will be a great service to both the boy and the community if the youngster can be made to feel that the Vernon business man is his friend, a person willing to talk and counsel him freely, a person who is interested in his welfare.

We contribute liberally to schools for the development of the youth of the land, but our obligation to the youngsters is not absolved by that contribution, no matter how liberal. Character is not built through constraint, and it must be admitted that the boy views schools to a great extent as the personification of constraint. We owe youth something more than education and opportunity. We owe them friendship.

CREATING THE HABIT OF PEACE

When the tenth assembly of the League of Nations convened in Geneva Monday, liberal applause was given the declaration of the temporary presiding officer, Prince Borghese, of Persia, when he declared, "The League is creating the habit of peace." There can be no doubt that the Persian delegate has hit upon the real accomplishment of practically all pacific movements of the present.

It is true that material accomplishments have not been notable, but if the habit of peace, of thinking in terms of peace and settlement of difficulties by pacific methods rather than by armed conflict becomes so firmly fixed in the minds of the peoples of the world, no one need worry about war in the future.

As the temporary presiding officer pointed out, the League is creating the habit. The same commendation may be expressed of the Kellogg-Briand treaty for the renunciation of war, and every other movement that has as its purpose the prevention of armed conflict. They are turning the thoughts of the masses away from war toward peace, and in doing so are rendering humanity an immeasurable service.

We of this modern age are not the first to count the cost of war and turn our thoughts toward pacific means of settling international disputes. History presents numerous instances in which astute statesmen offered colorful pictures of the terrible toll of war. One can go back hundreds of years and find profound thinkers lamenting the destruction and cost of war.

Apparently, the trouble has been the masses have never been sufficiently encouraged to think in terms of peace. They have habitually thought of war as the only method of settlement of international difficulties. Consequently when disputes arose they were easy to excite to the point of armed conflict.

If we can educate the masses to think of peace to the point of accept-

ing it as the only state of international affairs to be tolerated, and then in time of peace provide some logical means of disposing of difficulties as they arise, peace will be assured. When the masses demand abolition of war, its death knell will be sounded. For that reason creation of the habit of peace can be termed one of the most far-reaching movements for good the world has ever had.

TOURING! Many are its petty annoyances—but many its pleasures! Much depends upon the way your car performs. If your motor hums along softly, smoothly, sweetly—all is well! And that depends mostly on your oil. That's the reason so many motorists greet the Conoco Red Triangle as a real friend.

They know it is a sure guide to oil that they can trust—Conoco Motor Oil! This motor oil has saved motor trouble in so many emergencies where the average oil simply would not stand the gaff. Motorists who know, always feel safer with Conoco Motor Oil. Seek the sign of the Conoco Red Triangle—and be sure.

Conoco Gasoline and Conoco Motor Oil are made by the Greater Continental Oil Company (the Marland Oil Company combined with the Continental Oil Company) and sold at stations formerly handling Marland products and Continental products. Look for the new Conoco sign.

SOCIETY

Mrs. L. F. Bell Is Hostess to Society Meeting

Mrs. L. F. Bell was hostess to members of the Women's Missionary Society of the Central Christian Church at a monthly meeting of the society Monday afternoon at her home on Fannin Street. The meeting was opened with prayer led by Mrs. J. M. Perry, followed by a short business session presided over by the president, Mrs. W. Hale Davis.

Mrs. J. N. Denny was leader of the program for the afternoon on "God's Gifts for True Partners," taken from Mark 1:40-42 and Peter 2: 1-4. Assisting Mrs. Denny on the program were: Mrs. H. G. Jones, Mrs. W. Henry Rogers, Mrs. W. T. Lofland, and Mrs. Barney Williams.

At the close of the afternoon, a delicious plate lunch was served to the following members: Mrs. J. V. Leake, Mrs. H. M. Alexander, Mrs. H. G. Jones, Mrs. W. Henry Rogers, Mrs. W. T. Lofland, Mrs. J. M. Perry, Mrs. C. D. Greene, Mrs. W. Hale Davis, Mrs. W. F. Burgess, Mrs. J. N. Denny, Mrs. Barney Williams, Mrs. W. H. Putman, Mrs. R. H. Nichols, Misses Jane and Mary Ann Perry, and the hostess, Mrs. Bell.

Baptist Women Plan Active Work for Fall at Meeting

Plans to resume active work this month following inactivity during the summer months were discussed at the business session of the Baptist Women's Missionary Society Monday afternoon at the church. The devotional reading was conducted by Mrs. R. M. Fielder, after which reports from standing committees were given.

Mrs. J. H. Garrett gave an interesting report of the W. M. U. Association meeting in Oklahoma last week during the afternoon, and Miss Ethel Haney read a letter from the society's missionary to China, Miss Blanche Groves. About 35 members attended the meeting.

Record classified ads bring results.

Methodist Missionary Society Meets in Business Session

Women of the Methodist Missionary Society met Monday afternoon at the church in a business session. Mrs. S. E. Porterfield, president, presided over the business discussions. Mrs. J. O. Haynes extended an invitation during the afternoon to the missionary society and the church members to attend an open house at her home next Monday afternoon from 3 to 6 o'clock.

Those present at the meeting were: Mrs. S. E. Porterfield, Mrs. J. R. Huie, Mrs. W. D. Curtis, Mrs. J. O. Haynes, Mrs. W. M. Crutchfield, Mrs. H. K. Greever, Mrs. H. W. Norwood, Mrs. J. B. Morris, Mrs. J. H. Holloway, Mrs. L. G. Hawkins, Miss Robbie Castlebury, Mrs. J. L. Showers, Mrs. U. E. Davis, Mrs. D. Norwood, Mrs. S. E. Lloyd, Mrs. Robert Cole, Mrs. J. L. Eggleston, Mrs. W. F. Martin, Mrs. B. H. Lewis, Mrs. C. A. Lacy, Mrs. John Brown, Mrs. C. A. Bickley, Miss Rebecca Crow, Mrs. Allen Bell, Sammie June Porterfield, Gladys Lacy, and Mrs. Romine.

Baptist Y. W. A. Meets With Mrs. Rouse Monday Evening

Members of the Y. W. A. of the First Baptist Church met on the lawn of the home of Mrs. J. O. Rouse on Main Street, Monday evening. After a short business session was held, a program on "Woman's Responsibility in the New World," was given by Misses Ethel Robinson, Fay Theben, Ruth Theben, Julia Wells, and Versa Hughes. Pledges of allegiance were given to the American flag, the Christian flag, and the Bible during the evening.

Ice cold watermelon was served to the following: Miss Ina White, Miss Zelma Vaughn, Miss Otis Vaughn, Miss Ruth Theben, Miss Opal Thomas, Miss Faye Theben, Miss Ina Smith, Miss Julia Wells, Miss Catherine Weaver, Miss Ethel Robinson, Miss Versa Hughes, Miss Genevieve Irick, Miss Rosalyn Coleman, Miss Ruth Livingston, Miss Edna Livingston, Miss Geneva Parr, Miss Mary Alice Parr, Miss Christine Rainwater, and the sponsor, Mrs. J. O. Rouse.

1-2 cup diced cucumbers
4 tablespoons chopped sweet pickles
1 cup mayonnaise
1-4 teaspoon salt

Peel the tomatoes and scoop out some of the insides. Mix 3 tablespoons of the mayonnaise with the shrimp, cucumbers, sweet pickles and salt. Fill the tomato cases.

Cheese Biscuits.
2 cups flour
4 teaspoons baking powder
1-2 teaspoon salt
3 tablespoons butter
2-3 cup finely cut cheese (pimento or plain)

2-3 cup milk
Mix the flour, baking powder and salt. Cut in the butter and add the cheese. Mixing with a knife, slowly add the milk until a soft dough forms. Pat out on a floured board or paper until the dough is 2-3 of an inch thick. Cut out with a biscuit cutter. Bake in a moderate oven for 15 minutes.

Caramel Nut Pudding, serving six
(Popular with children)
2-3 cup dark brown sugar
1-3 cup flour
1-8 teaspoon salt
2 egg yolks
2 cups milk
1 teaspoon vanilla
2 egg whites, stiffly beaten
tablespoons sugar

Milady's Skirts Longer, But She Will Set Length

Paris, (P)—Winter skirts as shown here are longer, but how much longer is a question every woman will have to decide for herself, taking the time and place into consideration.

Evening styles at the majority of the big houses of design feature skirts that touch the floor in back, or even trail from six to eighteen inches. Some designers have lengthened skirts in front as well as back and show indoor frocks that just clear the toes.

Daytime clothes are another thing. Skirts remain about the same length for sport wear, with an inch or so added by some houses. Street costumes are from one to six inches longer but the average costume will probably not be longer than the top of the calf of the leg.

Afternoon dresses follow their own sweet lines and may be medium length, with even hemlines, or elaborately irregular and almost as long as evening dresses.

Skirt lengths must be considered in relation to the new silhouettes or general outline of dresses.

These are of two general types—princess frocks with the waistline problem solved by an indeterminate joining of skirt and bodice, and the tube or sheath frock with a belt at the normal waistline.

In both types dresses are tightly fitted to a point close to the knee and then flare and develop into longer panels or points. Sometimes the flares are as long in front as they are in back, but the general rule for evening is frocks that are heel length in back and clear the floor from two to 18 inches in front.

Belted frocks nearly all show normal waistline which is raised only an inch or so above the top of the hips, where it was last season.

Vernon Couple Marry in
Oklahoma Sunday Night

Miss Floy Henderson and Marvin Taylor, well known Vernon couple, were united in marriage in Frederick, Okla., Sunday night by the pastor of the Frederick Methodist Church, Frank Skipworth and Miss Eva Burns, of Vernon, accompanied the couple and were the only witnesses to the ceremony.

Mrs. Taylor is a daughter of Mr. and Mrs. Will Henderson, of this city, and was born and reared in Vernon. She was a member of the Junior class of Vernon High School last year.

Mr. Taylor is a son of Ivy Taylor, of Byers, Texas. He is employed at the Willbarger Barber Shop, Mr. and Mrs. Taylor will make their home in Vernon.

Employees of Vernon Office Entertained at Lake Pauline

Employees in the office of the Vernon West Texas Utility Company and other guests were entertained Monday evening with a picnic at Lake Pauline, near Quanah. A swim in the lake was enjoyed, after which a picnic supper was served.

Those present were: Mr. and Mrs. Aubrey Foster, Mr. and Mrs. Paul Johnston, Mr. and Mrs. J. T. Carrington, L. L. Pettit, Miss Deane Vaughn, Miss Ethelbert McDonald, of Miles, Miss Alice Stokes, and Mr. and Mrs. R. M. Fielder, and son, Bobby.

Fargo B. Y. P. U. Honors College Students Monday

Members of the Fargo B. Y. P. U. met at the home of Mr. and Mrs. Fred Emmett in Fargo with a social Monday evening, honoring Wayne Owen and Glenn and Maurine Knapp, who are leaving Thursday for Plainview to enter Wayland Baptist College.

Games were played during the evening, after which delicious refreshments consisting of cake and ice cream were served to about 40 guests.

Legion and Auxiliary Take Up Active Duties Monday

Active work and duties were taken up for the fall at the business sessions of the American Legion and Auxiliary Monday night at the Legion Home. The election of officers and committee appointing which was scheduled for last night was postponed until next Monday night. The election will be held at this time according to the change of the constitution of the State American Legion and Auxiliary.

Presbyterian Auxiliary Meets for Business Monday

Members of the Presbyterian Women's Auxiliary met at the church Monday afternoon for a business session. Following the discussion of routine business, a short missionary program was given. A general outlook for the coming year's work was led in discussion by Mrs. G. E. Henderson during the afternoon. About 51 members were present at the meeting.

Most Nurses Use New Face Powder

MELLO-GLO, the new wonderful French Process Face Powder, is preferred by nurses because of its purity, and they say it does not make the skin dry and drawn. Stays on longer, keeps shine away, and is very beneficial to the complexion. You will love MELLO-GLO Face Powder. The Vernon Drug Store.—Adv.

Helping Mother Prepare

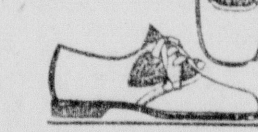

For the Opening of School

Back to School! That glorious adventure of childhood! And what an important part pretty, stylish clothes play in helping your child enjoy school hours. Ten million Mothers will tell you that when you buy your school outfits here, they are not only stylish and serviceable, but actually *save you money*.

Why School Outfits Cost Less In Our Store

Probably you have wondered why things cost so much less here. The answer is that we plan and economize when buying, exactly as Mother does when selecting the school wardrobes for her family. But where Mother only buys for two or three youngsters, we buy for millions of them, and Mother's savings of a penny here and a dollar there, amount to a very large sum when you are buying for millions of families at once.

School Days will soon be here! We extend an invitation to Thrifty Mothers to pay us a visit of inspection.

This neat oxford comes in patent or gun metal with black grain trim, or brown with fancy grain trim.

Sizes 12 to 2 . . . \$2.69

UNKNOWN YOUTH HAS BEST FIRST ROUND IN AMATEUR

MAJORITY OF STARS OCCUPY SEEMINGLY SAFE POSITIONS AS SECOND ROUND IS OPENED

Pebble Beach, Calif., Sept. 3.—(P)—Echoes of two booming rounds of golf rolled back from the mountains across Carmel Bay today as the amateur championship round of the United States at stake, surged into the final qualifying round.

The first big shot fired was a rousing 70, two under par, by the defending champion, Bobby Jones, in the first eighteen-hole test yesterday. The reverberation of this had scarcely gone out to sea when along came a youth of 21, Gibson Dunlap of Los Angeles, to post a sensation at 69, thereby taking the lead from the king and establishing a new competitive record for one of the hardest of courses.

This double barreled opening day thrill was all that could be desired by even the most enthusiastic of nearly 10,000 California fans, cheering the start of the first national championship ever brought to the Pacific slope.

It paved the way for a stirring tussle in the final 18 holes of the qualifying competition today, the result of which will determine the 1929 medalist and decide the field of 141 eligible for the continuation at match play.

The man-to-man competition begins Wednesday with two 18-hole rounds.

The cheering ten thousand followed Bobby Jones from start to finish, getting an eyeful of the master shot-maker's golf at its best, but they remained massed around the home hole to roar an ovation to the California boy who knew what he had to do to beat the champion and did it.

With the prospect that the majority of stars occupied seemingly safe positions going into the second round, with three notable exceptions. These were George Vogt of New York, the 1928 medalist, who needed 80, Chick Evans of Chicago, former champion, with 81, and Phillips Finlay, long-hitting California contender and a pre-tournament favorite, who started badly with an 82. All needed to get on better speaking terms with Old Man Par to avoid elimination.

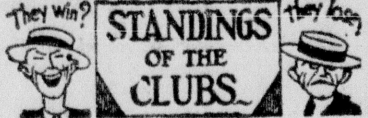

Should either Dunlap or Jones slip off their fast pace, a group of five stars, each with a par 72 for the first round, appeared ready to step in for the medal honors. In this group were Done Moe, Western champion, and Dr. O. F. Willing, both of Portland, Ore.; Harrison R. Johnson of St. Paul; Eugene Homans of Englewood, N. J.; and Roland MacKenzie of Washington, D. C.

EDINBURG MAN WINS IN GULF COAST GOLF MEET

Laredo, Texas, Sept. 3.—(P)—Compensating a relatively bad start by sturdy second day play, Hill Cooke of Edinburg won the individual championship of the Lower Gulf Coast Golf Association in the annual tournament which ended here yesterday. His card of 245 for the 54 holes was crowded by that of W. C. King of Kingsville, who took a 251 in addition to winning the class A handicap event with 227. Z. E. Bonneau, Corpus Christi, came out in front in class B with 229, and Cam Hill of Edinburg, 224, won the victory in class C.

LEADERS WIN DOUBLE BILLS

CLEVELAND MOVES UP TO THIRD PLACE BY WIN OVER ST. LOUIS

(By The Associated Press)

If there existed any reasonable doubts about either major league pennant race, the Labor Day double-header baseball feast dispelled them.

Victory in both ends of yesterday's double bill with the Yankees enabled the Philadelphia Athletics to lengthen their American League advantage to 13 1/2 games. Simultaneously the Chicago Cubs widened the gap separating them from second place Pittsburgh to 12 1/2 games by trouncing St. Louis twice.

The A's beat the Yankees 10 to 3 and 6 to 5. Old Jack Quinn kept 11 Yankee hits well scattered in the opener. The Yankees appeared to have the second game won, 5-4, until the ninth when three hits and Lary's error gave the A's two runs and the game.

Cleveland moved into third place by downing the previous holders, St. Louis, 2 to 1 and 9 to 5.

Six runs in the last two innings gave Detroit a 10-8 victory over Chicago in the first game of a double bill, but the White Sox easily took the nightcap, 8 to 2, behind Lyons' pitching.

Washington and Boston split even, Washington taking the first game 10 to 7, and Boston the second, 7 to 2.

The Cubs won two slugging affairs with the Cardinals, 11-7 and 12-10. The Cubs pounded five Cardinal pitchers for 36 hits. The Cards were not far behind with 33 hits. Hornsby hit for the circuit in each game to bring his season's total to 32. Hack Wilson got his 35th homer in the opener.

Pittsburgh dropped the first game to Cincinnati, 7 to 5, but won the second in 13 innings, 9 to 8.

The Giants swamped the Phillies, 11 to 4, in the first game but were noisier out, 4 to 3, in the nightcap. The first game was decided as early as the fourth inning when the Giants drove Claude Willoughby out of the box. In the second game, Don Hurst's single in the 12th sent Klein home with the winning run.

Ray Moss and William Watson Clark gave the Boston Braves only ten hits in two games and Brooklyn took both ends of a bargain bill, 6 to 2, and 10-0.

Charges Hurdled at Los Angeles Police Officers

Los Angeles, Sept. 3.—(P)—Possible grand jury action was expected here today upon two reports, one by the Federal prohibition office and another by a confessed bootlegger, naming a large number of Los Angeles policemen as members of a "shake-down ring" exacting tribute from the illicit liquor trade.

The Federal prohibition office reported that 62 policemen of the metropolitan area, ranging from captains down, had been named by federal investigators as members of the ring.

At the same time it was disclosed that Harry D. McDonald, a bootlegger, had made a statement to District Attorney Burton Fitts, implicating 25 policemen in the alleged operations. McDonald, who declared he was "tired of the continued tribute exacted by the police," was reported to have charged that the officers, instead of turning in the liquor they confiscated in raids, sold it to bootleggers.

Challenged By Youth

Bobby Jones went into the second day of qualifying play in the American amateur golf tournament at Pebble Beach today in second place, his rousing 70 having been eclipsed by an unknown California youngster, Gibson Dunlap. King Bobby's game yesterday, however, gave evidence that whoever wrests the championship from him must play highly sensational golf for the four-time champion is "OK" his game. If he wins he will be the first champion to be crowned five times. He has won the title four times in five years and was runner-up the year he missed.

from whom they were receiving "protection money."

Payne Has Good Chance to Set Pitching Record
Wichita Falls, Sept. 3.—(P)—There is an outside chance that George Payne, Spudder slab ace, will better the existing Texas League record of 303 victories in one season, held jointly by "Red" Reynolds and Joe Pate.

Reynolds turned the trick for Waco in 1914, and Pate did it twice for Fort Worth, in 1922 and 1924, exclusive of the Dixie series.

With 26 triumphs to his credit, the Spud star has 15 games in which to attain his goal. He has scored all but 10 of his victories in the second half.

MEET
HARPO
The second of the World's Four Funniest Men! He's in "THE COCOANUTS," too! A world famous harpist as well as a humorist! New Yorkers pay \$7.70 a seat to see him! And in a few days you'll see and hear him at less than one-tenth that price!

Vernon Youths in First Flight of Golf Tourney

Two youthful Vernon golfers, Whitney Anderson and W. Henry Rogers, Jr., placed in the championship flight of the second annual golf tournament of the Wichita Falls Golf & Country Club yesterday in the qualifying round of the tourney. Anderson shot an 85 and Rogers an 87.

Anderson is matched with Orion Daniels of Wichita Falls today in the first flight. Daniels shot an 84 to qualify. Rogers is matched with R. K. Pond of Wichita Falls who shot an 87 in the qualifying round.

Eighty-seven was required to qualify for the championship flight and seven checked in under that figure. Match play was started today and the final rounds are to be played Thursday.

Tommy Cochran of Wichita Falls staged a brilliant surprise comeback after a year of comparative idleness and shot a 74 to take the medalist honors yesterday. Box Alexander of Munday turned in a 76 to follow Cochran in. Gus Moreland of Dallas was third with a 77.

NEW TENNIS CHAMPIONS DEFEATED IN NEW YORK

New York, Sept. 3.—(P)—Right on the heels of the surprising reverse suffered in this country by the American Davis cup doubles combination of John Van Ryn and Wilmer Allison has come the downfall of the new national championship team of George Lott and John Doeg.

Just two days after they won the title at Brookline, Mass., Lott, the Chicagoan, and Doeg, from Santa Monica, Calif., caught a couple of tartars yesterday in the annual East vs. West series and as a result the West was beaten instead of having a fighting chance to come from behind and win.

Battling for the East, Johnny Van Ryn of East Orange and Gregory Mangin of Newark, hammered out victory, 6-1, 5-6, 6-2.

The Texan, Berkeley Bell, beat Fritz Mercier. Mangin downed Lewis N. White, another Texan; and Mercur and J. Gilbert Hall, South Orange, N. J., national clay court doubles winners, disposed of White and Bell.

WEST TEXAS LOOP TITLE SERIES TIED AT TWO ALL

Coleman, Texas, Sept. 3.—(P)—The scene of battle in the West Texas league championship shifted here today with Midland and Coleman tied at two victories apiece.

Both teams drummed out base hits freely yesterday at Midland, but the Midland total was 21 hits for 22 runs. Coleman made 13 runs out of 15 base blows.

Six pitchers, three on each side, worked.

HOUSTON GAINS FULL GAME ON SPUDDERS AS UMP FORFEITS CONTEST AT PANTHER PARK

(By The Associated Press)

In the opinion of Umpire Cecil Grigg, the Spudders were guilty of playing something less than their best just before the shades of night fell at Fort Worth yesterday. His opinion was important. It might cost the north countrymen the Texas League crown.

Having satisfied himself that the men of Galloway were loafing, supposedly that darkness might fall before the requisite four and one-half innings and spare them defeat, Umpire Grigg forfeited the second game of the Labor Day doubleheader to Fort Worth, 9 to 0. As Houston was snatching a pair from the Exporters, 6 to 0 and 4 to 1, the forfeiture cost the Oilers a full game and reduced their lead over the Buffs to one and a half contests. Skipper Galloway has protested.

The arbiter's pronouncement likewise set the stage properly for some fireworks at Dallas today and tomorrow, when three games are scheduled between the leaders and the Steers, a doubleheader tomorrow. It may be recalled the Mavericks bowled over Galloway's Malwarts three straight at the outset of their present tour. The Buffs, meanwhile were to spend two afternoons at Stuart Stadium before starting their final northern trek.

The Spudders prevented Labor Day being a total loss by taking the Cats, 8 to 6, in their opener. They scored four in the ninth, shelling Lil Stoner from the hill. George Payne pitched the final frame for the Spuds and by the peculiar twist of scoring rules, was credited with his twenty-seventh triumph. The teams were tied, 8 to 8, when the hitters went to bat in the last of the fourth of the nightcap. The Cats started on a scoring spree, and then it was that Grigg halted hostilities.

Jim Lindsey hurled his 21st victory and ninth shutout as the Blons stopped the Shippers, 6 to 0, in their first. He permitted only six hits. Rhem and Brown gave up only four in the nightcap, which the Ballymen won 4 to 1.

Smarting from three straight re-buffs at Beaumont, the Steers had a measure of revenge by nicking the Shreveporters, 6 to 2, in their first game and holding them to a 1-1 tie in the second. The result was a blow to Sport flag hopes.

Waco's holiday crowd saw the Cubs sweep both ends of their bill with San Antonio, 14 to 5 and 9 to 8.

Proposed Reform in Three Major Branches of Rural Credit May Give Cooperative Council Chance

Washington, Sept. 3. (P)—Proposed reform in the three major branches of rural credit may give the newly authorized National Cooperative council an opportunity to prove its worth.

Ratified at the annual meeting of the American Institute of Cooperation in Baton Rouge, the organization, which proposes to coordinate farm thought on matters of national policy, waits only to incorporate under the most favorable laws. It may choose the District of Columbia or one of the states.

The council originally was to have been known as the National Chamber of Farm Cooperatives. It is to be a forum for discussion of cooperative problems and to act for agriculture much like the Chamber of Commerce of the United States acts for industry and business.

While no such plans have been officially announced, it is believed the council may give attention first to the questions of rural credit.

Of the three major types "productive credit" is taken care of fairly adequately by the intermediate credit banks, operating largely through agricultural credit corporations which borrow money from the banks and make long time loans at low interest to farmers to help them through the productive period.

"Commodity credit" is handled by intermediate credit banks and federal reserve banks which make loans direct to cooperatives. The national banks lend up to 90 days but the intermediate banks lend not less than six months.

There is a great demand among commodity groups for intermediate credit bank loans of as little as 60 days. They handle their products quickly and do not need six months loans. Neither do they wish to pay the higher rates of interest at national banks for short time loans.

The third class of credit is that which cooperatives need for expansion of physical properties. Many hold that the federal farm board inadequately approaches solution under its plan of providing loans for acquisition of new facilities.

They believe it will be hard for cooperatives to get such loans unless the board makes a broad construction of the agricultural marketing act.

Some cooperatives hold that loans should be made on a basis of total assets of the association seeking them and be flexible enough to permit use of the money in lifting mortgages, acquiring bargains and effecting consolidations.

Directors of the council will meet in Washington, probably in the fall, to select committees, prepare a budget and name a headquarters city. The council is organized on a divisional basis, the cooperatives representing each major commodity.

The council is not connected with the farm board.

Another Wichita Man Testifies

Wife Gains on Orgatone, Wouldn't Be Without It, He Says.

Still another well known Wichita Falls man comes forward with his unqualified endorsement for Orgatone. This time it is J. R. Terry, who resides at 1020 Bond Street, that city.

"My wife actually improved so much since she started taking Orgatone that it is almost unbelievable," said Mr. Terry in an interview, "and has been benefited so much in every way that I am glad to make this statement which I hope will be the cause of others who may be suffering as she did getting relief."

"She had been in such a run down condition for the past fifteen years that she felt like she should be in bed most of the time. She was subject to frequent attacks of dizziness and sick headaches. She also suffered intense pain from the gas on her stomach, and she was habitually constipated. She had a tired, aching feeling, all the time, which left her so weak she could hardly stand up."

"She has been wonderfully benefited by Orgatone; in fact, I consider it remarkable the way she has been built up, for she is almost like a different person. She has been relieved entirely of stomach trouble, headaches, and that aching feeling. I am delighted more than I can tell with what Orgatone has done for her, and we would not be without it now for anything. It is by far the best medicine she has ever taken."

Genuine Orgatone may be bought in Vernon at the Vernon Drug Store, Adv.

PART OF SOONER COUNTY THREATENS TO SECEDE

Altus, Sept. 3.—The city of Snyder and approximately 90 square miles of Kiowa County may become part of Jackson or Tillman County if plans being made by a delegation of business men and farmers from that section are successful.

Reason for the threatened change is given as dissatisfaction expressed lately that Kiowa County commissioners have not been giving the Snyder vicinity a just share of the road building aid, that it is geographically inconvenient to Hobart, the county seat. It is 34 miles from Hobart and out off from the main county roads.

The territory involved is valued at \$2,000,000.

If Jackson County officials will approve of including this territory permission will be asked of Governor Holloway to call a special election, it was reported by persons interested in the proposal. Snyder and the vicinity must vote for annexation with a 60 per cent majority.

Following this an election would have to be held in Jackson County and a majority approve the annexation. Even though county commissioners here would definitely approve the idea, it would take until January 1 before the matter would be definitely settled.

Eighteenth International Balloon Race for Gordon Bennett Award To Start From St. Louis September 28

St. Louis, Aug. 31.—(AP)—The balloons representing the United States, France, Germany, Belgium, Denmark, and the Argentine, will start from St. Louis September 28 in quest of the international Gordon Bennett trophy.

It will be the eighteenth of the international balloon races and the third to start from St. Louis. Seven of the races have been won by the United States and five by Belgium, which gained permanent possession of the original Gordon Bennett trophy with its third straight victory in 1924.

The United States became permanent possessor of the second trophy with victories in 1926, '27 and '28.

Now the third of the Gordon Bennett trophies is up, with three American airmen seeking to gain the first leg on it.

Capt. W. E. Kepner, pilot, and Lieut. W. O. Erickson, aide, of the army air corps; Lieut. Thomas G. W. Settle, pilot, and Ensign Wilfred Bushnell, aide, of the navy, and Ward T. Van Orman, veteran civilian balloonist and an aide, are the American entrants.

Against them will be pitted the lone Belgian entry, Ernest Demuyter, who is seeking his fifth international victory. Demuyter is the only balloonist to have won the Gordon Bennett race more than once and his string of three victories in 1922, '23 and '24 won permanent possession of the first trophy for Belgium.

France has two entries, Germany also has two, and Denmark and the Argentine each have one.

Because St. Louis is in the central part of the country, new distance records for balloons are expected if weather and winds are favorable. The present record is 1,334 miles, made in 1912 by M. Bienaimé of France, who soared from Stuttgart, Germany, to Moscow, Russia, in 46 hours.

It is likely the balloon will sail to the eastward from St. Louis, or at least land to the eastward. Ninety-five per cent of the balloon flights in this country, the aerological section of the army signal corps reports, land to the eastward of their starting point because the prevailing winds in the higher altitudes are westerly.

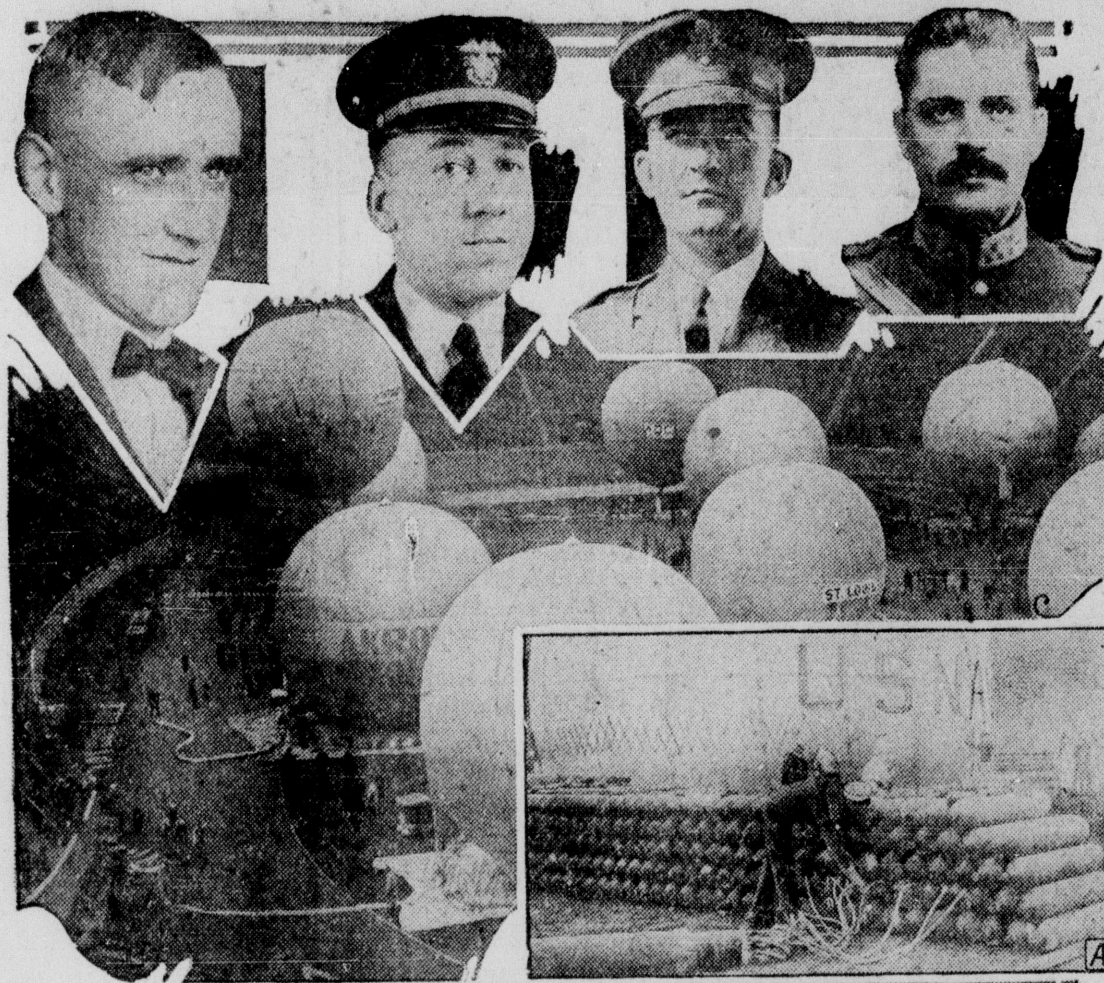

Lieutenant Settle and Van Orman won their places in the international event in the national elimination race from Pittsburgh last May, which Settle won. Van Orman is a veteran of many balloon contests. He has won four national events and the international race in 1926.

The tragic death of his aide, Walter W. Morton, who was killed by lightning in the 1928 national elimination race, inspired Van Orman to invent a lightning arrester device with which his balloon will be equipped in the Gordon Bennett event.

Brief News From the Oil Fields

The Humble's No. 1 John Matus, section 33, block 8, H. & T. C. R. R. survey in Ford County is at 1,290 feet and it was rumored today that a small well had been brought in.

ST. LOUIS WILL SPEED 10 BALLOONS IN QUEST OF INTERNATIONAL TROPHY; U. S. LISTS THREE IN RACE SEPT. 28

Among the leading pilots to participate in the international balloon races from St. Louis September 28 will be (left to right) Ward T. Van Orman, Lieut. Thomas G. W. Settle and Capt. W. E. Kepner, Americans, and Ernest Demuyter of Belgium. Preparation of the bags means such a scene as this, taken at Pittsburgh last spring. An indication of the gas needed in one of the monsters is shown in inset.

Casing was set at that level Saturday.

Locations for the week ending September 1, were announced today as follows:

Bass & Dillard in section 10, block 14, H. & T. C. R. R. survey.

Fain & McGaha, No. L-8 in section 31, block 4, H. & T. C. R. R. survey.

Empire's No. B-19, section 32, block 4, H. & T. C. R. R. survey has the sand at 2,287 to 2,313 feet with 400 feet of oil in the hole.

AUGUST BUILDING PERMITS IN VERNON TOTAL \$17,534

The month of August saw a decided increase in the number and value of building permits, issued through the office of City Secretary S. H. Hall, over the preceding month. Nine permits for construction of buildings in the City of Vernon were issued in August as compared to six issued in July. The increase in value was \$4,634, with the August permits totalling \$17,534. The value of structures permitted in July was \$12,900.

The Texas Company was granted the largest amount in permits in August when it contracted for the erection of three storage stations near the Fort Worth & Denver railway tracks. The value of the structures which will be under way soon is \$7,519. Clyde Hamm was second with a \$4,000 permit for construction of a dwelling.
